ON AGRICULTURECollege of Hawaii Course  
On Timely Topics  
By Specialists

The College of Hawaii will offer a series of lectures on Agriculture during the month of March. These lectures are open to the public, and all interested are invited to attend. The series is designed to cover those topics that are of immediate application to our environment. Most of the lectures will be illustrated by lantern slides, charts, and demonstrations, and will include the most recent data and information that is obtainable on the various topics presented. Below is a schedule of the dates, subjects, and lecturers. It is suggested that those who may be interested in this series cut out this schedule and keep it for future reference.

Further information on these lectures can always be had by applying to the College by telephone or by postal card:

heads had exceeded their appropriations, but on the other hand, he did not feel that the Legislature should be called upon, year after year, to make up such deficiencies.

## Maui Is Divided

The report of the Judiciary Committee, favoring House Bill No. 44, which provides for a change in the meeting date of the Maui Board of Supervisors, started considerable discussion. Knudsen moved that the report be adopted and the bill pass second reading. Coelho seconded the motion.

Kalama was not satisfied that the provisions of the bill were for the best interests of the county, however, and asked that the bill be tabled until Maui could be heard from.

Coelho objected strenuously to the Kalama motion, saying that the House bill had an important bearing on a bill of his in the hands of the Judiciary Committee. Knudsen sug-

gested that, did he refer to Senate Bill No. 13, regarding the payment of salaries, it would be well to let the bill in question lie, as there were several points in the Senate Bill on which his committee could not report favorably. On vote the House bill was tabled.

## Substitute Divorce Bill

Senate Bill No. 36, providing that at every hearing of a divorce libel a representative of the Attorney General's office should be present to assist in examining the witnesses, was reported unfavorably by the Judiciary Committee and a substitute bill was introduced.

The presence of a representative of the Attorney General's office is one of the recommendations embodied in the report made by the special committee of the Ministerial Union to whom was referred the divorce question.

The general opinion of the members of the Judiciary Committee was that such a provision was impracticable, for which reason it was eliminated in the substitute bill.

Senate Bill No. 33, providing that any person having a case before the Supreme Court shall be entitled to a hearing before all of the Justices thereof, was reported favorably by the Judiciary Committee and the report was adopted.

Senate Honors Late J. O. Carter. Senator Baker then introduced a resolution providing that, when the Senate adjourned, it should do so out of respect to the memory of the late Joseph O. Carter.

House Joint Resolution No. 1, authorizing the Governor to appoint a commission of three to examine wharves of the Territory and report on the feasibility of regulating fees or acquiring the property, passed third reading.

\$25,000. For Fair. House Bill No. 11, providing for the appropriation of \$25,000 from the Treasury to defray the cost of Hawaii's exhibit at the Alaska-Yukon Exposition, passed its third reading unanimously. There was not a dissenting voice when the bill was read.

House Bill No. 12, appropriating \$20,000 to defray the expenses of such Members of Congress and other distinguished citizens as shall visit Hawaii this year as the guests of the Territory, was also passed on its third reading unanimously, after a slight change had been made in the wording.

House Bill No. 20, providing for the payment of fees to attorneys appointed by the Court to defend indigent persons, passed its second reading and was referred to the Judiciary Committee.

House Bill No. 23, providing for the construction of roads over public lands, was referred to the Committee on Public Lands.

House Bill No. 36, amending the law governing the inheritance of illegitimate persons, was referred to the Judiciary Committee.

Delegate Kuhio Endorsed. House Concurrent Resolution No. 2, endorsing Delegate Kalaniana'ole's bill now before Congress giving the Legislature the authority to amend the Territorial laws, was adopted with a slight amendment in phraseology.

Senate Concurrent Resolution No. 5, condemning the bill now in Congress amending the Organic Act, brought up some discussion.

Knudsen wanted the resolution referred to the Judiciary Committee for consideration and report. President Smith expressed the belief that such an important resolution should not be put through without due deliberation, and apparently favored Knudsen's motion.

Will Call Governor. Senator McCarthy felt that the entire Senate should discuss the measure, and expressed the belief that were the Senate to sit as a committee of the whole, it would have the power to call the Governor before it and ask him to state his position. Chillingworth agreed with McCarthy.

It was finally decided to defer action in the matter until next Tuesday morning, when, immediately after the reading of the minutes, it will be taken up by the Senate as a Committee of the Whole.

Action on Senate Bill No. 51, relating to the appointment of Commissioners of Public Instruction, and fixing the date upon which they shall meet, was laid over until Monday, that the Education Committee might have time to confer with the Senators from the different islands and decide upon the meeting date which would generally be most acceptable to all.

The Senate adjourned until 10 o'clock Monday morning.

PAGEANT PICTURES  
GOING BROADCAST

Promotion Committee Is  
Sending Views To  
Mainland

Pictures of the decorated vehicles which took part in the floral parade are being scattered broadcast over the mainland by the Hawaii Promotion Committee. Every automobile magazine of any importance, as well as other periodicals, and all of the principal news syndicates are being supplied with the views, free of charge.

Last year, pictures of the floral parade were in great demand. This year, every effort will be made to supply all publications likely to make use of the pictures, thus insuring a liberal amount of advertising for Honolulu.

The photos being sent are all 8 1/2 inches in size and suitable for reproduction. Though no charge is made for the prints, the Promotion Committee hearing all of the expense, the recipients are at liberty to turn them to such financial gain as they may see fit.

Secretary Wood has had a series of pictures made of the headquarters of the Promotion Committee. These pictures are all by Bonine, and handsomely mounted. They have been labelled in gold letters and will be sent to the various information bureaux, Chambers of Commerce, and Boards of Trade throughout the country, to give an idea of the amount of business which the local "boosting" bureau carries on.

THE CLAUDINE, having aboard the members of Company I, N. G. H., of Wailuku, in command of Captain Hal, sailed yesterday afternoon at 5 o'clock for Wailuku, Maui. The wharf was thronged with friends. The Hawaiian band played several selections for the benefit of the passengers.

THE LUMBER schooner Robert Lewers, which completed discharging her cargo at the fort of Fort Street, will go off the port today, preparatory to returning to Grays Harbor. Captain Meyers is on his first trip to the islands.
